

# Product Specifications

## SOLAR POWER GENERATOR - G series

off-grid for commercial use

ZeroSUN™ technology

Operating Temperature: -30C to +55C

300W & 500W

Output: 110VAC/60hz - 12VDC

Warranty: 3 Years

Usage rating @ 100% battery charge:

### G-10

Load Power	Working Hr
5W	300 hrs
30W	12 hrs
300W	1.5 hr

### G-20

Load Power	Working Hr
30W	35 hrs
150W	7 hrs
500W	2.5 hr

Models	Power	Output	PV Panel	Battery	Size	Weight
G10	300W	120VAC 12VDC	18VDC 100W	12V-55AH GEL	20"x17"x21"H	121 lbs
G20	500W	120VAC 12VDC	10VDC 2x100W	12V-120AH GEL	20"x17"x21"H	146 lbs

Protection: Overload; Overcharge; High/Low voltage; High Temperature

### Features:

AC output 110V/60Hz - 1 recepticle

DC output 12V - 3 recepticles

Adjustable panel mount

Plug-in Connectors

Mobile unit on removable casters

Battery charge level monitor

UL-CUL approved inverter

120VAC charge input

Simple relacement of batteries

Extended Warranty available 5-10 years
